

Are there FAERIES NEARBY?

USE THIS CHECKLIST TO TELL IF THERE ARE FAERIES IN YOUR
LIBRARY, BOOKSTORE, CLASSROOM, OR HOME.

Environmental Evidence

- Holes in the walls?
- Ceiling tiles pushed up?
- Vents ajar?
- Tiny footprints in dust?
- Small faerie tools or clothing found?
- Trees with knotholes on lawn or playground?
- Weird lights flickering in trees at night?
- Oak, ash or thorn trees nearby?
- Rings of mushrooms?
- See things moving out of corner of your eye?

Auditory Evidence

- Hear footsteps when no one is around?
- Hear rustling in the walls?
- Music coming from under the ground or inside of a tree?

Behavioral Evidence

- Does food left out overnight disappear?
- Do streetlights go out when you walk underneath them?
- Do your pets seem to attack or flee from things you cannot see?
- Do items disappear, only to reappear in a different location?

Any additional evidence:

Checking even one of these indicates that you might have faeries in your library, school, classroom or home, but checking 3-5 suggests that you have a serious faery infestation on your hands!
